### AVA MIRROR

by *Made Goods*

“I love the Ava Mirror because it’s a showstopper. It can stand alone on a wall and has whimsical dimension and texture. The mirror is hanging in my retail store and in the homes of a number of my clients because it fits the coastal aesthetic I often strive to achieve in my designs.”

### PIETER MIRROR

by *Made Goods*

“Each Pieter mirror is unique as they’re constructed by hand from found driftwood. The whitewashed finish provides a calming balance to the uncommon shape so it ends up being a really versatile piece. I can see it highlighting a foyer in a city condo or taking its place in the master bedroom of a shore house.”

### EDGED TALON MIRROR

by *Arteriors*

“I love the Edged Talon Mirror from the Barry Dixon Collection by Arteriors because of its versatility. It is both functional and at the same time acts as a beautiful piece of art. I have used it in a sophisticated powder room as well as over a buffet in a dining room. In each space it is always a great conversation piece!”
