SORIN DESK BY MADE GOODS

“Clean lines with an exotic faux shagreen texture combine to create this beautiful transitional desk. With two-drawer or three-drawer options, it's a stylish look with functionality. It's such a versatile piece that I've even used it as a chic dressing table.”

GRAND TRADITIONS DESK BY MARGE CARSON

“This desk is a favorite for its timeless appeal. It combines a traditional, elegant design with a touch of modern flair. It can serve as a great addition to a living room, sitting room, library or bedroom. Once it is incorporated into a room it quickly becomes the statement piece, adding the functionality of a desk with the beauty of its design. Goldleaf trim, contrast panel insets and antiqued brass hardware make this piece a showstopper!”
